Chaplaincy Program
working within
our
Hectorville Catholic Community
with the families of
St Joseph’s School

The ‘dancing figures’ of our logo represent a welcoming, inclusive and nurturing community.

The cross in the centre symbolises our Catholic faith and the stylised lilies highlight our Josephite tradition. The Gold in the logo represents Divine and human love, the blue symbolises Mary the Mother of God and brown is the colour for St Joseph and for growth.

School Chaplaincy

The Australian Government is committed to assisting schools and their communities to provide

Pastoral Care

Wellbeing Support

as students cope with the challenges and stresses of life.

National Schools Chaplaincy Program

Wellbeing
The National Schools Chaplaincy Program is an Australian Federal Government funded initiative offered to aid student, parent and staff wellbeing within Australian Schools.

Voluntary
The program is a support for families, students and staff. Participation in the program is voluntary.

The Chaplain
Pauline Rossetti has a background as Education Support Officer and holds a diploma in more counseling.

She may be contacted on the school number 8337 6044.

Pauline is on site for 11 hours a week, from Tuesday to Friday. However other times may be negotiated for home visits. When Pauline is not on site the school will forward your message and Pauline will return your call.

Hectorville Catholic Community is a community in which everybody, young and old together support one another to live the healthiest, happiest and most faith filled lives possible.

The Chaplaincy program complements the ministry of Parish and School staff.

It complements the role of the
- staff in their educative and pastoral role with students and their families;
- school counsellor
- Religious Education Coordinator and
- the wellbeing program of the school

The Chaplain is available for support in times of crisis, grief, unexpected illness, hospitalisation and family separation or divorce, and for other moments that arise in our lives that require a listening ear.
